LUDO KING:

DESCRIPTION:

Ludo king is a board game played between friends and family to recall our childhood . Ludo king is a cross platform game that can be played on the same time using multiplayer mode.Ludo game traces its lineage back to 6th century India. Ludo is derived from the

game Pachisi. Ludo is also very similar to Spanish board game Parchís.

Ludo game has stayed popular throughout the ages, varying only a little in its game structure. This persevering game is now available for you to play in an all new modernized format, i.e. as a video game application.

RULES :

1. The game is played between 2 to 4 players against each other.
2. The objective of the game is pretty straightforward; each player gets 4 tokens, these tokens must make a full turn of the board and then make it to the finish line.
3. Whoever gets all four tokens to the end first is the winner. However, each move can only be made based on the number decided by casting a six-sided die, and each token can only move out of their home by casting a six.
4. Additionally, the competition factor of the games is upped by the fact that while moving if another player's token lands on the same square as your token, then your token will automatically be sent back home and you'll need to roll a six again.

CALL OF DUTY 4: MODERN WARFARE:

DESCRIPTION:

Call of Duty 4: Modern Warfare is a [first-person shooter](#) video game developed by [Infinity Ward](#) and published by [Activision](#). The fourth installment in the [Call of Duty series](#), it was released in 2007 for the [PlayStation 3](#), [Xbox 360](#), and [Microsoft Windows](#). The game breaks away from the [World War II](#) setting of previous entries in the series and is instead set in modern times. Developed for over two years, the game uses a proprietary [game engine](#).

RULES :

1. As opposed to earlier games in the [Call of Duty series](#), the game features modern equipment and new features, many exclusive to the multiplayer part of the game, such as "killstreaks";
2. killing a number of enemies without the player dying in between kills allows access to various assets including airstrikes and helicopter support.
3. A character can be positioned in one of three stances: standing, crouching, or prone, each affecting the character's rate of movement, accuracy, and stealth.
4. Using cover helps the player avoid enemy fire or recover health after taking significant damage. As such, there are no armor or health power ups.
5. When the character has taken damage, the edges of the screen glow red and the character's heartbeat increases.
6. If the character stays out of fire, the character can recover.
7. When the character is within the blast radius of a live grenade, a marker indicates the direction of the grenade, helping the player to either flee or toss it back to the enemy.
